This is the correction of the board of pharms-trict Monday afternoon. Mr. Charles Gramm was given a certificate. The board is composed of Drs. R. E. Luhn and Joseph Thristiam and Captain Theodore Schirmscher. This is the certennial year. It has been given largely to the education of the masses along denominational lines. The seed sawing of this year is expected to bring largests many years hence. It is the purpose of the denomination, by hence effort, to liquidate all indebiedness on all Baptist institutions on Texas, and start the new century with a clean slate. The convention at Wacco will be held under fivorable suspices and will be in many respects the most interesting moeting of the Baptist general convention in its entire history.
